No
 I've attended events & the public planning meetings but not a Board meeting specifically.

Please write a brief summary of your qualifications for service on this Board, Commission, or Committee.*

While working full-time professionally, I've undertaken many fundraising and leadership roles as a volunteer for a variety of non-profits (ex: Junior League of Houston, Rodeo, Pup Squad Animal Rescue, Child Advocates, etc.). Whether chairing a large event or being part of a committee, my determination to help others truly drive me; it sounds 'canned' but it's who I am. And it doesn't matter who gets credit as long as objectives are met and quality of life is improved. Since first learning of Evelyn's Park, I've been interested in being part of this initiative because we NEED this for our well-being & our community. If you're looking for a person with passion and without fear, one who enjoys collaborating with others but is also capable of tackling projects alone and one who has creativity and tenacity, please give me the opportunity. ALL of my civic and philanthropic endeavors have been successful because if I believe in something and have a goal, I'll 'make it happen' (and I'll give up sleep to do it).

Bellaire: 4 years on both the Recycling Committee (as it was designated then) and 4 years on the Arts Board (the past 2 as Vice Chair). Charitable/Community: Too many to list but a few highlights are Program Chairman for the Junior League of Houston; Event Chairman for Child Advocates (750 attended); Gala Auction Chair for the Epilepsy Foundation (300 attended)

Do you anticipate any conflicts of interest arising in connection with your service on the selected Board?*

If you answered yes and a conflict of interest did arise, how would you propose to resolve it?

Do you understand the time commitment on this Board, Commission, or Committee for meetings as well as preparation prior to meetings? (As a reference, previous Board and Commission members have stated their time commitment ranged, on an average, from 2 to 6 hours per month.)*

(X) Yes () No

Please complete the following only if you are applying for reappointment to a particular Board, Commission, or Committee. Do you have any thoughts regarding the responsibilities of and/or recent actions by your Board, Commission, or Committee?

Do you have any ideas on how the effectiveness of your Board, Commission, or Committee could be improved? To raise funds and increase awareness of Evelyn's Park, it would be fantastic if every business and restaurant in our

Committee can be improved?

City had a box on the counter or some type of display in which customers (and business owners) could continually donate to the Park. It would be a challenge to manage this but would cost very little to execute. There could be incentives put into place for business owners as well - lots of possibilities! We should expect our City businesses to be involved, as many are I'm sure.

The City of Bellaire appreciates your commitment and willingness to serve. Thank you for taking the time to complete this application

My hope would be to provide another perspective to the committee based on my diverse background.

I believe I can be a strong asset to the Board through both my personal and professional experiences and qualifications. From a personal standpoint, my family and I are long term residents of the city and are actively involved in our community. We are dedicated supporters of Bellaire Little League (where over the years I have coached over 15 baseball teams and currently serve on that Board), Bellaire Recreation Basketball (where I coached two basketball teams for Buster Adams this past season) and I also serve on the Executive Committee for West University / Crosspoint Church (where we are currently evaluating the "land swap" between the Church and the City of West U). In addition, we are actively involved with our excellent local public schools (both Horn and Pin Oak) both through volunteering and the PTOs for our children aged 13, 10, and 7. Other personal experiences include participation in the Bellaire Soccer League, numerous outings at the Bellaire Pool and many different city parks, participation in several 4th of July parades, and financial contributions to the "Rebuild Horn" project for both the school and the baseball fields. We have many friends in the community and believe we can fairly represent them in sharing their opinions among the board in good faith for the betterment of our community. From a business standpoint, I have over 20 years of experience in large commercial insurance. I currently work as a Senior Vice President at Aon (a Fortune 250 company), where I am actively involved in advising companies on how to handle/mitigate risk (both property casualty and surety/financial risks). Over the years, my clients and I have been involved with countless projects such as construction of new buildings of all sizes, construction of new parks, schools, and fire and police stations. I have reviewed and provided detailed commentary on many contracts for these clients and typically act as their adviser for much more than just insurance and risk. I also have numerous business contacts and relationships in our community that span the legal, accounting, banking/financial, medical, engineering, professional sports/recreation, and political fields.

Briefly describe previous community activities associated with the City of Bellaire, as well as any outside civic, charitable, and other community work.*

As a proud member of the Bellaire Community for many years I have been looking for a more active way to support my community. I am committed to reducing my carbon footprint and would like to make a bigger impact in the community towards this goal.

Briefly describe previous community activities associated with the City of Bellaire, as well as any outside civic, charitable, and other community work.*

I was actively involved in Bellaire Young Mothers when my children were younger and have held several positions with Condit PTO. Most recently, I created a School Spirit store last school year and will be heading it this upcoming school year. I am always looking for ways to give back to Bellaire and the larger community of Houston. I often pursue smaller projects that my family can be involved with as well.
