Mission Statement:

The City of Bellaire is dedicated to outstanding quality service and facilities to ensure an open, progressive, and secure community.

REGULAR SESSION - 7:00 P.M.

A. Call to Order and Announcement of a Quorum - Dr. Philip L. Nauert, Mayor.

B. Inspirational Reading and/or Invocation - Gus E. Pappas, Councilman.

C. Pledges to The Flag - Gus E. Pappas, Councilman.

1. U.S. Pledge of Allegiance

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

2. Pledge to the Texas Flag

Honor the Texas flag; I pledge allegiance to thee, Texas, one state under God, one and indivisible.

D. Recognition of Proclamation(s):

Issuance of a proclamation by Dr. Philip L. Nauert, Mayor, in recognition of Nick Aring, Lifetime Member of the Bellaire Volunteer Fire Department, for his dedication and exemplary service to the City of Bellaire, Texas.

E. Approval or Correction of Minutes:

1. Minutes of the Special Session (Public Hearing) - October 12, 2015:

Consideration of and possible action on the approval of the minutes of the Special Session (Public Hearing) before the City Council of the City of Bellaire, Texas, held on Monday, October 12, 2015 - Submitted by Tracy L. Dutton, City Clerk.

Mayor and Council - Public Hearing - Oct 12, 2015 6:00 PM

2. Minutes of the Regular Session - October 19, 2015:

Consideration of and possible action on the approval of the minutes of the Regular Session of the City Council of the City of Bellaire, Texas, held on Monday, October 19, 2015 - Submitted by Tracy L. Dutton, City Clerk.

Mayor and Council - Regular Session - Oct 19, 2015 7:00 PM

F. Personal/Audience Comments.

In order to address the City Council, please complete a "Speaker Form" (located at the entrance to the Council Chamber), and turn in the form to City Clerk Tracy L. Dutton prior to commencement of the meeting. Speakers are limited to five (5) minutes.

The purpose of this item is to allow citizens or other interested parties an opportunity to address City Council on agenda issues and on non-agenda issues that are a matter of the jurisdiction of the City Council (i.e., City policy and legislative issues). Non-agenda issues regarding daily operational or administrative matters should be first dealt with at the administrative level by calling City Hall at (713) 662-8222 during business hours.

[Note: State law will not permit the City Council to fully discuss, debate, or consider items that are not on the agenda. Items that cannot be referred to the City Staff for action *may* be placed on the agenda of a future City Council Session.]

G. Report(s):

1. Quarterly Report for the Evelyn's Park Conservancy - Presented by Patricia King-Ritter, President, Evelyn's Park Conservancy Board.
2. Fourth Quarterly Report (FY 2015 Final) for the City of Bellaire, Texas - Submitted by Diane K. White, Assistant City Manager.
3. FY 2016 Management Projects and Capital Improvement Program for the City of Bellaire, Texas - Presented by Michelle Jordan, Project Manager.

H. Item(s) for Future Agendas; Community Interest Items from the Mayor and City Council.

[Note: It is the intent of this item to provide any member of City Council the opportunity to request to place new items on the agenda of the next Regular Meeting of City Council pursuant to Article 4, Order of Business, Section A, Agenda, of the Rules of Procedure of the City Council of the City of Bellaire, Texas, as of July 13, 2015, and/or to make a report about items of community interest. Community interest items may include expressions of thanks, congratulations, or condolences; information regarding holiday schedules; honorary recognition of City officials, employees, or other citizens or entities; reminders of upcoming events sponsored by the City or another entity that is scheduled to be attended by a City official or City employee; and/or announcements involving an imminent threat to the public health and safety of the citizens of Bellaire that has arisen after the posting of the agenda.]

I. Adjourn.

Mayor and Council

7008 S. Rice Avenue
Bellaire, TX 77401

Meeting: 11/16/15 07:00 PM
Department: Fire Department
Category: Recognition
Department Head: Darryl Anderson
DOC ID: 1716

**SCHEDULED
PROCLAMATION (ID #
1716)**

Item Title:

Issuance of a proclamation by Dr. Philip L. Nauert, Mayor, in recognition of Nick Aring, Lifetime Member of the Bellaire Volunteer Fire Department, for his dedication and exemplary service to the City of Bellaire, Texas.

Background/Summary:

At the request of Fire Chief Darryl Anderson, Mayor Nauert has issued a proclamation in recognition of Nick Aring's 56 years of dedicated, exemplary service as a volunteer with the Bellaire Volunteer Fire Department.

Nick exemplifies the spirit of a volunteer and the Bellaire Fire Department would like to bestow upon Nick the first ever Bellaire Volunteer Life Member designation in appreciation of his service.

Previous Council Action Summary:

N/A

Fiscal Impact:

N/A

Recommendation:

Fire Chief Darryl Anderson recommends and requests the issuance of a proclamation for Nick Aring.

ATTACHMENTS:

- Nick Aring as a Life Member of the Bellaire Volunteer Fire Department (PDF)

Proclamation

Whereas, volunteering is the heart and soul of Bellaire; and

Whereas, Bellaire Volunteer Firefighters are an integral part of the Bellaire Fire Department and the City of Bellaire; and

Whereas, for the last 56 years, **Nick Aring** has been associated with and is in good standing as a Bellaire Volunteer Firefighter; and

Whereas, **Nick Aring's** service exemplifies the spirit of a volunteer; and

Whereas, **Nick Aring** shall receive the first ever Bellaire Volunteer Life Member designation;

Now, Therefore, I, Dr. Philip L. Nauert, Mayor of the City of Bellaire, Texas, do hereby recognize the contributions made by **Nick Aring** to the Bellaire Volunteer Fire Department and the City of Bellaire and proclaim:

Nick Aring as a Life Member of the Bellaire Volunteer Fire Department

in the City of Bellaire, Texas, and urge all citizens of the City of Bellaire to join me in recognizing **Nick Aring's** contributions and exemplary service to the City of Bellaire.

In Witness Whereof, I have hereunto set my hand and caused the seal of the City of Bellaire, Texas, to be affixed this 16th day of November, 2015.

Dr. Philip L. Nauert, Mayor
City of Bellaire, Texas

MAYOR AND COUNCIL

OCTOBER 12, 2015

Council Chamber

Public Hearing

6:00 PM

7008 S. RICE AVENUE
BELLAIRE, TX 77401

SPECIAL SESSION (PUBLIC HEARING) - 6:00 P.M.

A. Call to Order and Announcement of a Quorum - Dr. Philip L. Nauert, Mayor.

Dr. Philip L. Nauert, Mayor, called the Special Session (Public Hearing) before the City Council of the City of Bellaire, Texas, to order at 6:03 p.m. on Monday, October 12, 2015. He announced that a quorum of the members of City Council were present as set forth in the table below.

Name	Title	Status	
Nauert	Mayor	Present	
B. Nathan	Mayor Pro Tem	Present	
. Reed	Councilman	Present	
Avioli Sr.	Councilman	Present	
appas	Councilman	Present	
Laughlan	Councilman	Present	
S. Friedberg	Councilman	Absent	
hofmann	City Manager	Present	
Dutton	City Clerk	Present	
mank	Chief Financial Officer	Present	

B. Reading of Notice of Public Hearing - Tracy L. Dutton, City Clerk.

Tracy L. Dutton, City Clerk, read the "Notice of Public Hearing" into the record.

C. Summary of Public Hearing Procedures - Paul A. Hofmann, City Manager.

Paul A. Hofmann, City Manager, summarized the public hearing procedures for the evening.

D. Presentation:

Presentation regarding a proposal to increase total tax revenues for the 2015 tax year from properties on the tax roll in the preceding year by 5.69% by proposing a tax rate of \$0.3805 per \$100 valuation - Submitted and presented by Linda Symank, Chief Financial Officer.

Linda Symank, Chief Financial Officer, addressed City Council and advised that the proposed tax rate for the City of Bellaire for fiscal year 2016 was \$0.3805 per \$100 valuation. Although the proposed tax rate was actually a decrease from the City's current tax rate of \$0.3936, the proposed tax rate would give the City an additional \$1,256,000 in revenue. The increase in revenue resulted from the City's proposal of a tax rate above its effective tax rate of \$0.3600, as well as new revenue from new property added to the tax roll and

higher appraised values.

The City of Bellaire was required to hold two public hearings prior to the adoption of a tax rate. The first public hearing was held on October 5, 2015, and the one this evening was the second public hearing. The public hearings gave residents the opportunity to speak prior to the adoption of the tax rate. The City had scheduled the adoption of its tax rate on October 19, 2015.

In closing, Chief Financial Officer Symank advised that following the public hearing this evening, the City was in complete compliance with truth-in-taxation regulations.

E. Recognition of Citizens and/or Other Interested Parties - Dr. Philip L. Nauert, Mayor.

Lynn McBee:

Ms. McBee addressed City Council and stated that she rose in protest of the proposed revenue increase of \$1.25 million. If indeed one cent was equivalent to \$400,000 in revenues, then the City's proposed rate would represent an increase of the equivalent of three cents.

Ms. McBee found that the increase was not necessary. The City had exceeded its needs by far and proposed a rate that produced over \$1 million in her opinion. She encouraged City Council to think about the harm they reaped and the greed they represented by imposing the proposed tax rate.

Further, Ms. McBee advised that the federal government had announced that social security benefits would not be increased this year. The federal government was tightening their belt and the City continued to splurge, in her opinion.

James Ingham:

Mr. Ingham addressed City Council and advised that the City needed to live within its needs. Taxes kept increasing and the citizens paid enough already in his opinion. He further advised that no more taxes were necessary.

F. Questions from the Mayor and City Council - Dr. Philip L. Nauert, Mayor.

Dr. Philip L. Nauert, Mayor, opened the floor for questions or comments from the City Council. There were no questions or comments.

G. Close of Public Hearing - Dr. Philip L. Nauert, Mayor.

Dr. Philip L. Nauert, Mayor, closed the Special Session (Public Hearing) before the City Council of the City of Bellaire, Texas, at 6:12 p.m. on Monday, October 12, 2015.

Rules regarding oral comments were provided on the agenda document as follows:

Under the *Rules of Procedure* of the City Council of the City of Bellaire, Texas, as of July 13, 2015, *Article 9, Rules Governing Public Hearings, Section I, Written Comments*, **oral comments** regarding the proposed increase in tax revenues for tax year 2015 **will not be received after the close of this public hearing**. Written comments may be submitted to the City Council of the City of Bellaire, Texas ("City Council"), prior to final deliberation on the matter. It is anticipated that final deliberation will occur on Monday,

October 19, 2015. Written comments should, therefore, be submitted to the City Council in care of the City Clerk by noon on Thursday, October 15, 2015, in order to be considered for the public record.

H. Adjourn.

Motion:

To adjourn the Special Session (Public Hearing) of the City Council of the City of Bellaire, Texas, at 6:12 p.m. on Monday, October 12, 2015.

RESULT:	UNANIMOUS [6 TO 0]
MOVER:	Amanda B. Nathan, Mayor Pro Tem
SECONDER:	Pat B. McLaughlan, Councilman
AYES:	Nauert, Nathan, Reed, Avioli Sr., Pappas, McLaughlan

B. Inspirational Reading and/or Invocation - Roman F. Reed, Councilman.

Roman F. Reed, Councilman, provided the inspirational reading for the evening.

C. Pledges to The Flags - Roman F. Reed, Councilman.

Roman F. Reed, Councilman, led members of the City Council and the audience in the U.S. Pledge of Allegiance and the Pledge to the Texas Flag.

D. Approval or Correction of Minutes:

Consideration of and possible approval of the minutes of the Regular Session of the City Council of the City of Bellaire, Texas, held on Monday, September 21, 2015.

Mayor and Council - Regular Session - Sep 21, 2015 7:00 PM

Motion:

To approve the minutes of the Regular Session of the City Council of the City of Bellaire, Texas, held on Monday, September 21, 2015.

Minutes Acceptance: Minutes of Oct 19, 2015 7:00 PM (Minutes of the Regular Session - October 19, 2015:)

RESULT:	APPROVED [UNANIMOUS]
MOVER:	Andrew S. Friedberg, Councilman
SECONDER:	Amanda B. Nathan, Mayor Pro Tem
AYES:	Nauert, Nathan, Reed, Avioli Sr., Pappas, McLaughlan, Friedberg

E. Personal/Audience Comments.

Sneha Bhavsar:

Ms. Bhavsar addressed City Council and indicated that she was present to express her support for the utility box art proposal before City Council this evening. She advised that utility boxes were everywhere; however, she had not noticed them until one was transformed into a piece of art.

Ms. Bhavsar stated that she believed that painting utility boxes was a brilliant way to transform an otherwise blank and unnoticed space into a fantastic work of art. She believed the time was right to invest in and promote public art. Ms. Bhavsar advised that the utility box art program was alive in the City of Houston and cited an example of one on West Bellfort and Willowbend.

Further, Ms. Bhavsar advised that citizens were eager to accept public art into their communities because multiple cities in California, New York, Pennsylvania, Massachusetts, Nevada, and Utah had already introduced utility box programs. Similar projects had been implemented worldwide from Canada to New Zealand.

Ms. Bhavsar urged City Council to consider the benefits of approving the Cultural Arts Board's public art proposal. Among the benefits, in Ms. Bhavsar's opinion, was an enhanced aesthetic environment. She indicated that painted utility boxes would definitely liven up the streetscape and add vibrancy to an otherwise bland space. She felt the proposal before City Council would work into the City's beautification efforts and would provide a strong personal identity for the City.

In closing, Ms. Bhavsar urged City Council to approve the project and thanked the Cultural Arts Board for taking the project on and tailoring it to meet the needs of the City of Bellaire.

Jennifer Cross:

Ms. Cross echoed the sentiments expressed by Sneha. In tandem with the beautification initiatives going in Bellaire, Ms. Cross felt that the art box program would uniquely set Bellaire apart from nearby communities. As a mother of young children, the program gave her the opportunity to talk to her children about art, creativity, and expression.

Ms. Cross closed and asked City Council to support the program.

David Montague:

Mr. Montague addressed City Council and indicated that he wished to make three brief comments. First, he publicly thanked Lynn McBee for the Candidate Forum held during the previous week. He indicated that he appreciated the help provided by Ms. McBee, Margo Kendrick, and Corbett Parker.

Secondly, Mr. Montague advised that he supported the Cultural Arts Board's recommendation for the public art program to be recommended later this evening.

Thirdly, Mr. Montague was pleased to see the letter from the Chief of Police and the Director of Human Resources on the proposed program to consider further the salaries and incentives in a holistic fashion for the Police and Fire Departments. He indicated that he spent several years in Human Resources during his career and understood that it took a little time to sort through issues that one wished could be solved immediately. Mr. Montague advised that Human Resources Director Yolanda Williams had laid out a good program and he looked forward to seeing it at some future date.

Robert Riquelmy:

Mr. Riquelmy addressed City Council and stated that over the last several meetings, he had held a one-sided dialog about openness and transparency in Bellaire City Government. Continuing in that vein, Mr. Riquelmy indicated that there were City Council meetings which were open and others which were closed. In his opinion, the residents' perception was that open meetings were the normal condition and that any variation from an open meeting required some action by a city official.

If the people of Bellaire were to elect Mr. Riquelmy as Mayor, the people would know who asked that the public be excluded and any particular meeting be closed.

Susan Downs:

Ms. Downs addressed City Council and indicated that she wished to thank City Manager Paul A. Hofmann and the employees of the City of Bellaire who hosted her and her fellow campaigners for public office on three facility tours. Mr. Hofmann made arrangements to rent a van and a driver who transported the campaigners across the City a few weeks ago.

Facilities included in the tours were the Public Works facility, Fire Department, Police Department, Library, and Parks and Recreation. The tours were very informative and all of the questions asked by campaigners were answered fully and honestly. Her favorite experience was putting on gloves and touching the "cake" made from solid waste.

Ms. Downs indicated that she had lived in Bellaire for 33 years and never knew where the City's lift stations were located or what they were. In closing, Ms. Downs stated that she believed the campaigners would all be better candidates for public office because of the three tours. Ms. Downs was impressed with the dedication and hard work of each employee and manager that stayed with them.

Ms. Downs thanked the City for allowing the campaigners to see firsthand how the City worked and the people who made things happen in the City. She also thanked Lynn McBee and her coworkers for putting together the Election Forum last Thursday evening. Ms. Downs stated that she felt it was important for the citizens to meet and ask questions of those that wanted to serve them on City Council and as Mayor. She appreciated the questions asked and the responses given by her fellow City Council candidates. She was proud of each candidate and appreciated their willingness to serve.

In closing, Ms. Downs indicated that she was running for Councilman--Position No. 5 and would appreciate the citizens' vote.

Lynn McBee:

Ms. McBee addressed City Council and thanked the preceding speakers for their compliments on the Candidates' Forum which was one of the best that had been seen. She indicated that the questions were great and the answers were very honest and open. Ms. McBee stated further that it was too bad that many did not come at the request of the City Manager.

In terms of ethics, Ms. McBee stated that she wished to ensure that everyone thought very hard about the appearance of impropriety, which was in the City's ethical guidelines in the Code of Ordinances versus the conflict of interest issues that so often were brought up. She stated there was a difference and it was important not just for the staff and employees to avoid the appearance of impropriety. Employees' families also had an obligation to stay out of trouble with the appearance of impropriety.

As to the evening's agenda, Ms. McBee stated that City Council would, once again, be talking about municipal facilities. The timetable was very interesting and mentioned a bond election potential in 2016. She hoped that no decision would be made by the outgoing City Council because they had three years to deal with this, and it remained unresolved. She urged City Council to let go and leave it to the new City Council.

Ms. McBee referenced decisions that needed to be made with respect to the facilities regarding expenditures, space allocation, parking allocation, and design that had not been discussed by the current City Council or the Ad Hoc Municipal Facilities Committee. As City Council knew, the facilities were a community concern. It could be a real problem if City Council did not partner with the people who paid the bills, in Ms. McBee's opinion.

Finally, there was an item on the evening's agenda consisting of a very lengthy presentation of the pros and cons of Councilman James P. Avioli, Sr.'s, proposal of an incentive for police recruitment. Ms. McBee advised that she offered one as well during her budget comments. The incentive was a great idea; however, if City Council chose to offer an incentive (whether it be transportation or house purchase), the City did not need the additional cost of another human relations staff person to be hired. It was a duplication of costs, in her opinion. She concluded by stating that the money saved could be put in the pocket of the police or in the pocket of the bureaucrat.

Written Comments:

Dr. Philip L. Nauert, Mayor, read the written comments set forth below into the record.

Julia Tamm:

I wish to let the City of Bellaire know that I support the utility box painting program and that it will bring some colorful, much needed artwork into city areas.

It will be fun to see these around Bellaire.

Regards.

Wendy Bantle:

I am writing in support of the pilot utility box beautification program. Please support this initiative.

Thank you.

Stephanie Goldfield:

Toward the end of my term on the Cultural Arts Board, I was very much in favor of the Utility Box Beautification Project and, in fact, was so excited that I put myself in charge of writing the goals and presenting a working draft to the Board. To see this project come to fruition for the City of Bellaire is still of great interest!

The Utility Box Beautification Project is an opportunity to introduce and expand public art in a most unique and creative way AND without the need for City financial resources. These boxes will be painted by our citizens and we will no longer see the ugly metal structures as they are now. What enjoyment and awe these will bring for all citizens passing by.

How rare it is to provide art and make an improvement in beautification without asking Council for money! Please vote YES for the Utility Box Beautification Project! Thank you!!!

F. Reports:

1. Presentation of plan for proceeding with the Municipal Facilities Project which includes a potential timeline. Presentation to be made by Jeff Gerber, President and CEO of Pierce Goodwin Alexander Linville. Item requested by Dr. Philip L. Nauert, Mayor.

Jeff Gerber, AIA, LEED AP, Chief Executive Officer of PGAL, addressed City Council and advised that he had been asked to give the City a timeline as to how quickly the municipal facilities project could proceed with some parameters and a pathway.

CEO Gerber advised that the pathway he had included in City Council's packet was not the only pathway, but rather an example of what a path could look like.

With respect to "givens," he understood that the earliest time the bonds approved by the voters in 2013 could be sold was in August of 2016. That given drove a place in time as to the earliest date that the City would enter into a contract (Guaranteed Maximum Price) to construct the municipal facilities.

He noted that the City had settled on a site plan. Four months were needed to complete the schematic design phase (building design) and seven months were needed to complete the final design phase.

CEO Gerber suggested further that an early step would be to hire a Construction Manager at Risk (CMR) early in the process so that the CMR could help with the pricing of the project and make sure the City could proceed and get good advice as to what the project could afford and not afford in terms of phasing and materials.

CEO Gerber suggested that the schematic design phase include the entire project (Alt A Site Plan consisting of a City Hall/Civic Center and Police/Municipal Court Facility). During this phase, the CMR would help confirm the budget and phasing for the project. If PGAL were to start relatively soon, design reviews and City Council workshops related thereto could occur in early January of 2016, with the formal schematic design and budget approved in February of 2016.

With respect to the final design process, two paths were shown by CEO Gerber. One path, Path A, would work within the 2013 bond referendum on a phased construction approach with one building being completed. A second path, Path B, would work within the 2013 bond referendum to construct both buildings and seek an additional funding source, if needed.

Following a decision as to the path to take, the City Council would approve a Guaranteed Maximum Price and sell the 2013 voter-approved bonds in August of 2016. Construction could start thereafter in October of 2016, with occupancy by October of 2017.

Dr. Philip L. Nauert, Mayor, opened the floor for questions from City Council. Following questions of CEO Gerber by members of City Council, Mayor Nauert stated that he had asked for the timeline that CEO Gerber presented. Mayor Nauert stated further that what he wanted to impress the City Council and others with was that the timeline, particularly with regard and as established by the Texas Election Code, required that the City make a decision in February of 2016 in order to authorize a new bond referendum and election for the first Saturday in May (assuming additional funds were needed).

2. Presentation, consideration of and possible action on a recommendation from the Bellaire Cultural Arts Board (BCAB) for a Pilot Utility Box Beautification Program - Submitted by Diane K. White, Assistant City Manager, on behalf of the Bellaire Cultural Arts Board.

Terry Leavitt-Chavez, Chair, Cultural Arts Board of the City of Bellaire, Texas, addressed City Council and advised that over the past year, the Bellaire Cultural Arts Board ("BCAB") had considered the merits and feasibility of adopting an art program whereby the five city-owned utility boxes in Bellaire would act as a canvas to be tastefully decorated by local artists.

Chair Leavitt-Chavez advised that utility painting programs were popping up all over the United States. Bellaire's neighboring City of Houston had implemented this program in many different neighborhoods, including Meyerland. The BCAB was requesting that the City Council support Bellaire's own pilot project starting with one of the City's five utility boxes located at the corner of South Rice Avenue and Bellaire Boulevard within Paseo Park and addressed as 7409 South Rice Avenue (utilities housed within the referenced box included street lights, signals, and a control box).

The cost of the program would be no more than \$1,000, and the artist would be required to sign prerequisite agreements regarding responsibilities and liabilities before final approval. The project was intended to introduce some artwork in the community through decorating an object that was otherwise quite unattractive. The artwork would be required to meet a nature theme and compliment the environment in which the box was located. For example, it could reflect nearby plant life and tastefully add a splash of color, perhaps reflecting morning glories or azaleas.

The conceptual design would be agreed upon by the BCAB and artist prior to painting. Depending on the response to the initial artwork, the program could be extended to other utility boxes within the community. The BCAB would work closely with and had consulted Public Works Director Brant Gary on this project. The area could be prepared and ready for painting late this year.

Chair Leavitt-Chavez further advised that the project would be promoted on the

City's website and in local media. Public feedback would be sought through different City events and a quick online survey available on the City's website. A suggestion had been made that the BCAB host a ribbon-cutting to increase awareness in the community and open the possibility for the next phase of the project to be fulfilled by local Bellaire artists. In this regard, the BCAB and the Assistant City Manager were currently creating an online artist registry where local artists could sign up to be involved with the events and project.

Chair Leavitt-Chavez concluded with a statement that the fiscal impact for the year 2016 beautification capital improvement project would be \$1,000.

Motion:

To approve the report provided by Chair Terry Leavitt-Chavez, BCAB, and to authorize the expenditure of \$1,000 from available funds to hire an artist to paint the utility box located in Paseo Park at the corner of South Rice Avenue and Bellaire Boulevard.

Following questions of BCAB Chair Terry Leavitt-Chavez regarding the pilot utility box program, **Dr. Philip L. Nauert, Mayor**, called for a vote on the motion on the floor.

RESULT:	APPROVED [UNANIMOUS]
MOVER:	Gus E. Pappas, Councilman
SECONDER:	Amanda B. Nathan, James P. Avioli Sr., Pat B. McLaughlan, Andrew S. Friedberg
AYES:	Nauert, Nathan, Reed, Avioli Sr., Pappas, McLaughlan, Friedberg

G. New Business:

1. Adoption of Ordinance(s)/Resolution(s):

- a. Consideration of and possible action on the adoption of an ordinance of the City Council of the City of Bellaire, Texas, fixing the tax rate and tax levy for the City of Bellaire, Texas, for tax year 2015 (fiscal year beginning October 1, 2015, and ending September 30, 2016), upon all taxable property in said City - Submitted by Linda Symank, Chief Financial Officer.

Motion:

To adopt an ordinance of the City Council of the City of Bellaire, Texas, adopting a tax rate of \$0.3805, which is effectively a 5.7 percent increase in the tax rate.

Following questions of the City Attorney and Chief Financial Officer, **Dr. Philip L. Nauert, Mayor**, called for a vote on the motion on the floor.

RESULT:	ADOPTED [UNANIMOUS]
MOVER:	Amanda B. Nathan, Mayor Pro Tem
SECONDER:	Gus E. Pappas, Councilman
AYES:	Nauert, Nathan, Reed, Avioli Sr., Pappas, McLaughlan, Friedberg

2. Item for Individual Consideration:

- a. Consideration of and possible action on the implementation of a retention incentive plan for each patrol officer and firefighter/paramedic employed by the City of Bellaire, including but not limited to a plan that would provide such employees a \$2,000 per year bonus payable at the end of each fiscal year, in recognition of the importance of and challenges inherent in keeping such positions filled and of the fact that many such employees travel significant distances to work - Requested by James P. Avioli, Sr., Councilman.

Motion (Note: This motion was later replaced by a substitute motion):

That City Council approve the mileage incentive plan for Police and Fire Departments in recognition of the loyalty, dedication, security and safety that the Departments provided the City of Bellaire.

{Moved by James P. Avioli, Sr., Councilman, and seconded by Roman F. Reed, Councilman}

James P. Avioli, Sr., Councilman, provided a summary of the retention incentive plan ("Plan") under consideration by City Council. During City Council's consideration of the FY 2016 Budget on September 15, 2015, there had been a great deal of discussion about retention of police officers and, in some cases, firefighters. Since that time it was suggested that any plan the City might develop as an incentive for the police officers should include the firefighters and paramedics. Councilman Avioli advised that there were currently 30 police officers and 21 firefighters and paramedics that would qualify for the Plan. Those who would not qualify were those who had City vehicles and gas cards.

Further, Councilman Avioli advised that the firefighters and paramedics made two round trips per week to/from Bellaire as opposed to the five round trips per week that the police officers made. This changed the arithmetic somewhat, so the cost of the program would now be \$76,800 and not the \$102,000 set forth in the agenda statement. Memorandums were also attached to the agenda statement from the Chief of Police, Director of Human Resources, and City Manager.

Councilman Avioli indicated that the Chief of Police identified existing incentives and certainly urged that the incentives be reviewed for addition and possible market update. The Director of Human Resources summarized the reasons that police officers and firefighters chose to leave Bellaire, other than salary. The Director of Human Resources also suggested that the City review salary and enhancement incentives based on market research over a period of 120 days. The City Manager advised City Council to consider the long-range implication of adding recurring expenses at this point in the fiscal year. Each of the opinions were made in good faith and certainly had merit.

However, Councilman Avioli strongly encouraged City Council to support the Plan because of its innovativeness and immediate show of support to the Police and Fire Departments for the security and safety they provided to the citizens of Bellaire.

If nothing else, the Plan made City Council aware that they should review other incentives offered to the two disciplines that provided the City's safety and security.

In closing, Councilman Avioli summarized the arithmetic associated with the Plan to members of City Council. Police officers would receive a year-end incentive of \$2,000 per year and due to the lesser amount of time traveled, the firefighters would receive an incentive of \$800 per year. Councilman Avioli commented that each time an officer or firefighter put on their uniform, they were putting their lives on the line for the residents of Bellaire.

Discussion:

Discussion ensued among members of City Council and the City Manager regarding the Plan and its long-term impacts on the current and future budgets. Following discussion, an amendment was offered by Andrew S. Friedberg, Councilman, as a substitute motion.

Substitute Motion (new main motion):

To direct Staff within 120 days to present recommendations for salary and incentive enhancements as part of a comprehensive approach toward improving employee recruiting and retention and within 180 days to present a proposal for implementation thereof in the fiscal year 2017 budget.

Discussion ensued among members of the City Council and Byron Holloway, Chief of Police. Following discussion, **Mayor Nauert** called for a vote on the substitute motion:

RESULT:	ADOPTED [4 TO 3]
MOVER:	Andrew S. Friedberg, Councilman
SECONDER:	Amanada B. Nathan, Mayor Pro Tem
AYES:	Nauert, Nathan, Pappas, Friedberg
NAYS:	Reed, Avioli Sr., McLaughlan

Discussion ensued among members of the City Council regarding the substitute (now main) motion on the floor. At the conclusion of the discussion, an amendment was offered by Roman F. Reed, Councilman.

Amendment (No. 1) to the Main Motion (Substitute Motion):

To ensure that the post-study compensation recommendation be made retroactively to December 31, 2015.

Mayor Nauert called for a vote on the amendment on the floor.

RESULT:	FAILED [3 TO 4]
----------------	------------------------

MOVER:	Roman F. Reed, Councilman
SECONDER:	Amanda B. Nathan, Mayor Pro Tem
AYES:	Reed, Avioli Sr., McLaughlan
NAYS:	Nauert, Nathan, Pappas, Friedberg

Discussion ensued among members of City Council regarding the main motion. Following discussion, **Mayor Nauert** called for a vote on the main motion.

RESULT:	ADOPTED [UNANIMOUS]
MOVER:	James P. Avioli Sr., Councilman
SECONDER:	Roman F. Reed, Councilman
AYES:	Nauert, Nathan, Reed, Avioli Sr., Pappas, McLaughlan, Friedberg

- b. Discussion and possible direction to Staff regarding facility and infrastructure funding and construction to include, but not be limited to, a plan to allow for near term construction of police and court facilities utilizing existing bond authorization and a needs priority reevaluation of Public Works, Library, City Hall, Civic Center and other City facilities buildings for future rehabilitation or reconstruction. Said discussion to also include future funding methods required for: a) bond authorization for currently unfunded buildings; b) use of existing available funding for police and courts; and c) utilization of currently authorized remaining available funding applied to City Hall and the Civic Center, as well as the financial impacts of possible future bond authorization for infrastructure street and drainage reconstruction, in addition to future facilities needs - Requested by Pat B. McLaughlan, Councilman.

Motion:

To ask Staff to look into the material presented in the agenda item.

{The following material was included in the agenda item: a plan to allow for near-term construction of police and court facilities utilizing existing bond authorization; needs priority re-evaluation of Public Works, Library, City Hall, Civic Center, and other City buildings for future rehabilitation or reconstruction; bond authorization for currently unfunded buildings; utilization of current authorized remaining available funding applied to City Hall and the Civic Center; and financial impacts of possible future bond authorization for infrastructure street and drainage reconstruction.}

Discussion ensued among members of City Council regarding the motion on the floor. Following discussion, **Dr. Philip L. Nauert, Mayor**, called for a vote on the motion on the floor.

RESULT:	FAILED [3 TO 4]
MOVER:	Pat B. McLaughlan, Councilman
SECONDER:	James P. Avioli Sr., Councilman
AYES:	Avioli Sr., McLaughlan, Friedberg
NAYS:	Nauert, Nathan, Reed, Pappas

H. Items for Future Agendas; Community Interest Items from the Mayor and City Council.

There were no items for future agendas.

Community interest items from the Mayor and City Council included good wishes for the City's candidates during early voting and on Election Day; expressions of thanks to Lynn McBee, Margo Kendrick, Corbett Parker, and John and Jo Monday for the Candidate Forum; expressions of appreciation for all City employees; and encouragement to citizens to attend upcoming events, including the Fire Truck Pull, Condit Fall Festival, Evelyn's Park Fundraiser, Recycles Fest, and Diwali Day.

I. Adjourn.

Motion:

To adjourn the Regular Session of the City Council of the City of Bellaire, Texas, at 9:50 p.m. on Monday, October 19, 2015.

RESULT:	APPROVED [7 TO 0]
MOVER:	Gus E. Pappas, Councilman
SECONDER:	Amanda B. Nathan, Mayor Pro Tem
AYES:	Nauert, Nathan, Reed, Avioli Sr., Pappas, McLaughlan, Friedberg
NAYS:	None

Financial Analysis

The FY 2015 Budget has closed with all departments within budget. Each month a monthly financial report is prepared that provides an analysis of the operating fund's activity for the month and how that compares to the allocated budget. Department heads are required to report on variances that may arise or have arisen in their adopted budget each month. Each department head is asked each month for year-end projections as it pertains to their adopted budget.

The June projections for year-end that are developed by department heads and the Budget Office are used to develop the projected beginning balances for the FY 2016 Budget. We take a conservative approach to the projections, keeping in mind the issues that may arise during the summer.

Departments continue to recruit and fill positions. In the fourth quarter we had five separations, including two retirements, and nine new hires (see chart below). As of September 30, 2015, we had 18 vacancies; however, at the time of this report, we have hired two police officers, two employees for Public Works Solid Waste, and two additional Public Works candidates are being processed for employment. The vacancy in Development Services is due to the retirement of the Building Official in early September. The Fire Department will host its assessment process mid-November with hopes of filling the Firefighter Paramedic vacancy created after September 30, 2015.

4 th Qtr New Hires	4 th Qtr Separations
5 Police Officers	2 Police Officers
1 Communications Officer	1 Communications Supervisor (retired)
1 Custodian (Parks)	1 Streets Superintendent
1 Firefighter Paramedic	1 Building Official (retired)
1 Admin Secretary (Public Works)

General Fund

General fund expenditures came in under projections by \$357,979 at \$16,669,028, 98% of budget. Detailed information is in the "Actual to Projection Year end Detail" section of this report.

Revenue came in at \$17,594,534 which is \$15,512 more than projected.

Including the increase in revenues, the fund balance increased \$373,491 more than projected for year-end. This will be an increase to the budgeted ending balance for FY 2016. This is a one-time source available for appropriation in FY 2017.

Future potential uses of the increased FY 2016 ending balance of \$373,491 include:

- Offset the projected deficit of the sixty (60) day fund balance requirement in the fiscal forecast.
- Reduce the "catchup" needed for the vehicle and equipment replacement plan.
- Increase the contribution to the general fund transfer to the CIP.

Other Financial Costs/Disaster Related	46,000	60,240	44,256	(4,747)
Capital Outlay	425,780	373,531	464,261	(90,730)
Transfer Out	150,000	150,000	150,000	0
Total	\$17,027,007	\$16,669,661	\$17,027,006	(357,345)

Salary & Benefits – Overall salary & benefits came in under projections by \$78,448, largely due to expected hire dates not occurring as anticipated for police during the fourth quarter which accounts for approximately \$32,000 of the variance. In addition, the park aquatics part-time seasonal budget was underutilized due to rain days, early closures due to rain and off-season absences where life guards did not report to work and full-time salaried staff covered shifts.

Professional Services – Professional Services was under projections mainly due to the timing of the payments for the election. At the time projections were done, the City Clerk did not have information from the County if they were going to require one or two payments. It was not until early October this information became available which accounts for over \$30,000 of the variance. Other services such as professional services related to specialty summer camps, did not make class minimum, account for up to \$18,200; Information Technology services that are budgeted for when unforeseen issues occur, fortunately was not needed in the fourth quarter for \$13,400, contract labor for Human Resources and Parks was not needed due to filling of vacancies which accounts for \$19,000 of the variance and technical services directly tied to collection of ambulance and motor vehicle accidents was less than projected at \$8,000.

Maintenance – The right of way budget for the City includes mowing and pickup for the 610 Loop as well as unanticipated needs such as recovering from vandalism, right of way accidents and damages that impact landscaping/utilities is also accounted for in this line item. This line item is budgeted at \$75,500 with the expectations that the latter will occur or supplemental litter pickup and or mowing will be needed to maintain

Bellaire rights of ways. This year only \$58,554 was spent which was under the projection by \$16,946. In addition, the same case exist with the park maintenance line item where the landscaping and litter in parks and various other contracts are paid for, this line item is also used for unforeseen maintenance issues that may occur in the parks due to irrigation line breaks, vandalism of park and/or park facility equipment. The budget for this line item is \$267,709 and was under projections by \$35,000.

Contractual Services – All departments impacted this number by coming in under or over projections mainly where education and training were concerned, advertisement for public hearings was less, police department motorcycle lease is paid from this category and this line item was impacted by the timing of the hire date for the officer.

Materials & Supplies – Materials and supplies is defined differently for each department depending on the service they provide. However, this category accounts for fuel which came in under projections. Fuel is projected very conservatively for public safety due to the demand that may present itself at any moment and accounts for projections being under by \$35,000 across departments for this category. In addition when going into the hottest months of the summer, our electricity is based on historical use. The electricity actual expenditures for all general fund related facilities, traffic signals and streets light came in under projections by less than \$5,000. And various other items in this category were under projections due to less of a demand for office and operating supplies.

Other Financial Costs – Driven by credit card fee use and banking fees.

Capital Outlay – The majority of this variance is from Public Works where equipment came in less than projected costs. The preservative seal effort in FY 2015 ran into delays in preparing the scope and bid documents. The item is budgeted again in FY 2016 and is expected to occur as a part of the annual pavement maintenance program.

Enterprise Fund

Enterprise Fund FY 2015 4th Quarter Revenue & Expenditure Report			
	Adopted Budget	Year to Date (Unaudited)	Projections
Beginning Balance	3,260,270	3,154,676	3,154,676
Revenue	7,596,500	7,130,720	7,165,892
Expense	8,829,780	7,950,972	8,245,613
Ending Balance	2,026,990	2,334,424	2,074,955

Enterprise fund expenditures came in under projections by \$294,641 at \$7,950,972, 90% of budget. Detailed information is provided in the “Actual to Projection Year end Detail” section of this report.

Revenues came in at \$35,172 less than projected at \$7,130,720.

Including revenues, the fund balance increased \$259,469 more than projected for year-end. This will be an increase to the budgeted ending balance for FY 2016. This is a one-time source available for appropriation in FY 2017.

Future potential uses of the increased FY 2016 ending balance of \$259,469 include:

- Offset the projected deficit of the sixty (60) day fund balance requirement in the fiscal forecast.
- Reduce the “catchup” needed for the vehicle and equipment replacement plan.
- Increase the contribution to the enterprise fund transfer to the CIP.

Total	8,829,780	7,950,972	8,230,613	(279,641)

Salary & Benefits – The enterprise fund continues to have challenges with recruiting and hiring for posted positions. Several water and wastewater positions require state licenses and the applicant pool for this is very competitive.

Professional Services – Wastewater Treatment professional services as it relates to asset management and other projects were put on hold during the fourth quarter due to the priority of the Public Works facility assessment.

Maintenance – In the enterprise fund, maintenance expenses were lower than expected due to being tightly controlled. This was mainly seen in purchasing supplies on an as-needed basis as opposed to the typical annual order. In addition, repairs were sporadic and did not rise to the level of previous years. There were also concerns that funds would be needed to supplement disaster recovery efforts and Bellaire Lift Station repairs.

Contractual Services – Education and Training and mileage reimbursement for callouts was not used as anticipated.

Materials and Supplies – The majority of this variance comes from surface water, surface water was under projections by approximately \$64,000. Adjustments were made to the monthly minimum and managed accordingly.

Capital Outlay – The street sweeper came in lower than projected

Transfer Out – Directly related to the start of capital projects. Transfers do not occur until projects are started.

Management & Capital Improvement Projects

During the budget process Council was presented with the Management Projects developed to provide service enhancements and review and develop policies which will allow the City to become more efficient. Council was also presented with the FY 2015 Capital Projects which have been designed to meet today's infrastructure needs as well as those of the future. Outlined below are the milestones completed in the first quarter.

Management Projects

Community Safety Outreach:

Planning took place on an ongoing basis during April 2015 for Family Safety Day. Team meetings were conducted every other week. There was continuous communication among team members leading up to the event. Family Safety Day was held on Saturday, May 9, 2015 from 10 AM until 1 PM.

The event was well received by the community although attendance was somewhat lower than expected. Events included a youth bicycle rodeo, impaired driving experience for teens, a vehicle extraction demonstration, a display of wrecked vehicles in which a person died due to intoxication, landing of the Life Flight helicopter. There were also static displays on texting while driving, hurricane preparedness, and health-related topics.

Implement Compensation Study & Improve Employee Evaluation System:

The Evaluation Team discussed the purpose, process, and timeline for rolling out the new evaluation system to employees. Along with other guidelines, it was determined that the evaluation cycle will align with the fiscal year: October 1 – September 30; and the process will begin October 1, with a due date of December 1, each year.

Implement Network & Data Management Improvements:

The Data Management Team met to discuss moving forward with planning for the next Customer Relations Management (CRM) software application to replace or upgrade Incode, expansion of wireless and mobile capabilities, and the demonstration of GIS projects in ESRI's ArcGIS Online.

The team will meet again in November to view ESRI's ArcGIS demonstration and to finalize participant on the CRM team.

Evaluate ROW Maintenance Ordinance:

The Right Of Way (ROW) team is working on language for an ordinance in an attempt to define "un-safe" mowing areas. The criteria would be based on physical impediment, such as curb lined streets, ditches, etc., and higher speed locations. The current mowing contract expires in September and identified locations are included in the FY 2016 Budget. With the passing of the FY 2016 Budget, the ROW ordinance will be amended and presented to Council for approval.

Develop Financial Management Policies:

The Comprehensive Financial Management Policy Statements (CFMPS) were reviewed and approved by the Audit Finance Board on April 30, 2015. The City Council adopted the CFMPS at their regular meeting on May 18, 2015.

Improve Safety & Risk Management:

Departments began using the new and improved comprehensive Accident/Incident Investigation form to report accidents, injuries, illness and/or near misses. The importance of post-accident/incident testing and procedures were reinforced to staff. Review of the safety policy for necessary revisions and accidents/incidents for reporting and trend analysis is forthcoming.

Revenue Team:

The recommendations have been incorporated into the FY 2016 Budget. Fee changes are a component of the FY 2016 budget so that revenues are more closely aligned with services provided.

Develop Vehicle/Equipment Management & Maintenance Plan:

Internal policies and decision making processes have been developed and established. The FY 2016 Budget utilized these guidelines.

UV-T District Infrastructure:

There have been no further developments during this quarter.

Comprehensive Plan Update:

On June 9, 2015, the Planning and Zoning Commission voted to recommend to City Council for approval an update to the 2009 Comprehensive Plan. The recommended update includes the Park Master Plan as a new appendix. A public hearing for the item was held at the August 3, 2015 City Council meeting and approved on September 21, 2015.

Capital Projects

Rebuild Bellaire Phase 4:

Construction has been completed. Project closeout was approved by Council on March 23, 2015.

Rebuild Bellaire Phase 5A:

Total Contracting Limited (TCL) is the contractor. The 500 block of College and the 5300 & 5400 blocks of Pocahontas are substantially complete and opened to traffic mid-November, 2015. The south lane of 5100 & 5200 blocks of Pocahontas opened in mid-October and construction is continuing on the north lane. The 5100 block of Evergreen will be substantially complete and opened to traffic by mid-December 2015. Fifth Street is scheduled to open the west lane to traffic and reconstruct the east by mid-December 2015. Construction is scheduled to begin on the 4700 – 4800 blocks of Bellview on November 16, 2015. Anticipated completion of the entire project is mid-2016.

Rebuild Bellaire Phase 5B:

Bid notices will be advertised November 17 & 24, 2015. Bids will be opened on December 17, 2015. Construction bid award will be taken to Council for consideration on January 25, 2016.

FY 2014 Pavement Management (Construction):

A construction contract was awarded on December 1, 2014 to AAA Asphalt Paving, Inc. for \$2,177,190. Currently the contractor has completed the Newcastle Trail, Town Oaks, Acacia, Saxon, S. Rice Avenue, Mulberry, Locust and Tamarisk. Paving and sidewalk work is continuing. Currently, the contractor has completed approximately 55% of the work. The project is scheduled to be completed by January 2016.

FY 2015 Pavement Management (Construction):

A design engineering contract was awarded by Council on December 1, 2014 to ARKK Engineers, Inc. for \$221,355. Project design is complete. The construction contract was awarded to AAA Asphalt Paving, Inc. by Council on November 2, 2015 for a not to exceed value of \$1,090,115. A Neighborhood Meeting is scheduled for November 19, 2015. Construction will begin in the first quarter of calendar year 2016.

FY 2014 Street Marking Replacement:

Batterson, Inc. is the contractor. The contractor has completed striping on the main lanes of Elm, Chimney Rock (including the bike lane), Newcastle and S Rice. The remaining work includes the detail work on Newcastle and S Rice, and outside lane striping on Evergreen. The contractor was hired through an Interlocal Agreement with Harris County, and due to the volume of work from the County, COB has experienced scheduling complications and work that needed to be redone. The project is scheduled to be completed by the end of January 2016.

Wastewater Treatment Plant Fine Screen Building Replacement:

Replacement of fine screens must be completed before the building work can commence. Council approved acquisition of new fine screens on January 26, 2015. The fine screen work impacted the building construction schedule. The fine

screen repair work is now completed. Revised specifications for the building are being developed with the building repairs beginning shortly thereafter. Construction is scheduled to be completed by the end of March 2016.

Citywide SCADA Systems Upgrade Phase 1:

The SCADA (Supervisory Control and Data Acquisition) system for the water treatment plants is intended to improve and increase communication and tracking capabilities between the various water and wastewater treatment plants. Phase 1 includes hardware and software improvements that create the backbone for the SCADA system. Phase 2 includes the buildout of the hardware systems in other locations that will enable the system to be fully integrated. Phase 3 will allow for realization of the system to its full capabilities based upon user experience during the first two phases and recommendations from the completed SCADA Master Plan. Phase 1 improvements included cellular communication equipment installation and software upgrades at the three water plants (Central, Feld Park and Renwick) and the three remote wastewater lift stations (Bellaire, Rice and Wendell). This cellular communication framework will improve reliability greatly over the previous telephone system. The City Engineer is soliciting quotes to complete Phase 1 work, which include software development and programming, and is scheduled to be completed by March 2016.

Wendell & Bellaire Lift Station Rehabilitation:

The Bellaire Lift Station was flooded and inoperable for several weeks due to the May 2015 flood event, and the FY 2015 funding has been reallocated to the flood damage repairs for items not covered by insurance. The total estimated cost for repairs for Bellaire Lift Station is approximately \$215,000, which would be funded with insurance proceeds and \$50,000 from the FY 2015 CIP Project. The most recent estimate for repairs presented to Council was \$167,000 but repairs to the leak in the well wall, control panel for Pump #3 and Pump #1 itself increased costs to approximately \$215,000. Texas Municipal League (insurance) is still evaluating the final portion of our claim. Wendell Lift Station repairs will be addressed under Phase 2 in the approved FY 2016 CIP.

Water Line Improvements Project:

A Absolute Plumbing has completed main water line installation on both 4500 & 4600 Blocks of Oakdale. The hydrostatic pressure test results were satisfactory, and the contractor is awaiting the results of the BAC test (bacterial presence). After they receive the results of the second test they will begin service installation.

It is anticipated that additional line replacements will be requested through a change order as the bid came in under budget.

Evergreen Park Master Plan:

Public input into the master plan is scheduled for the January 2016 Parks Board meeting.

Evelyn's Park Phase 1:

Project construction has been delayed for 3 months due to unsuitable subsurface soil conditions. Investigations and analysis has been completed, and a design solution has been determined, priced, and agreed upon by Evelyn's Park Conservancy and the City of Bellaire. A change order was approved by City Council on November 2, 2015 for this added work. While construction has been delayed, other components of the project, like light fixture selection, park rules, etc., have continued to progress. Construction is scheduled to be completed by August 2016.

Bellaire Town Square Municipal Facilities Design & Library Conceptual:

Ad Hoc Committee recommended Alternative Plan A to City Council which was accepted as the new overall site plan. There are ongoing Council discussions regarding the potential funding challenge and alternative phasing options. The Construction Manager at Risk contract was awarded to Horizon Christensen by Council on November 2, 2015. PGAL will be working with Construction Manager at Risk on the schematic design phase. PGAL is currently producing a revised detailed project schedule.

Park Improvement Projects:

On October 5, 2015 City Council approved the base construction contract for Holly Street Esplanade. Construction is starting in early November and is scheduled for completion by the end of the year.

Nature Discovery Center Improvements:

Ground breaking was held in September. Construction drawings have been completed and the City of Bellaire, in collaboration with the Nature Discovery Center, received bids on November 5, 2015. Once the contract is in place, construction is estimated to take 6 months to complete.

Library Foundation:

The Library Foundation project included installation of piers and foundation leveling as well as necessary repairs to the sanitary sewer line and interior finishes that were damaged. This project is now complete.

Regional Mobility Study:

The mobility study is complete and will be presented to City Council at the December 7, 2015 meeting.

Item Title:

FY 2016 Management Projects and Capital Improvement Program for the City of Bellaire, Texas - Presented by Michelle Jordan, Project Manager.

Background/Summary:

As a part of the budget review process, the City Council was presented, on June 8, 2015 with the Management Projects and the Capital Improvement Plan (CIP) scheduled for FY 2016. We are providing a Project Scope, tentative timeline, project owners/managers and funding sources as part of this report.

Management Projects

Management projects were chosen to provide enhancements in services and to review and develop policies which will allow the City to become more efficient. Each project was assigned a Department Head as a team leader. These leaders have developed a team, scope, and tasks with timelines. Additionally, each project is tied to one or more council Priorities.

Each project has been developed to be completed in FY 2016, however tasks from these projects may lead to FY 2017 Management Projects.

FY 2016 Management Projects

- Manage Turnover and Recruit Public Safety Positions
- Enhance Public Safety Communication and Outreach
- Develop Keep Bellaire Beautiful Presence - Organizational Plan
- Improve Project Management and Reporting
- Ensure Smooth Transition from Construction through Management - Programming and Maintenance of Evelyn's Park
- Implement Block Inspections
- Improve Appearance and Management of Public Right-of-Ways
- Implement Market Adjustment to Maintain Competitiveness
- Implement Solid Waste Routing Efficiency Improvements - Eliminate General Fund Subsidy
- Amend Parks and Development Services Fees to More Equitably Distribute Cost Burden - React to Market Conditions
- Implement Fully Funded Vehicle - Equipment Replacement Fund Catchup
- Conduct Water and Wastewater Rate Analysis - Prepare for FY 2017 Implementation
- Network & Data Management

Capital Improvement Plan

The CIP for the City of Bellaire encompasses park, water/wastewater, facility, and road projects.

Capital Projects

- FY 2016 Pavement Management Program
- Storm Water Drainage Plan
- Citywide SCADA Systems Upgrade Project Phase 2
- Wastewater Collection Line Replacement
- Rehabilitation of the Renwick Ground Storage Tank
- Wendell and Bellaire Lift Station Rehabilitation Program Phase 2
- Wastewater System Upgrades
- Playground and Shade Structures
- Public Works Facilities Assessment
- ROW Analysis, Integration, & Planning Project
- UV-T Infrastructure

Previous Council Action Summary:

At its September 15, 2015 meeting, the City Council passed Ordinance #15-056, approving the proposed FY 2016 Budget, which included funding for the FY 2016 CIP.

Fiscal Impact:

Recommendation:

Acceptance of Report

ATTACHMENTS:

- FY 2016 Management Projects (DOCX)
- FY 2016 Capital Projects (DOCX)

FY 2016 Management Projects

MP 1601 – Manage Turnover, Effectively Recruit & Fill Public Safety Positions:

Work towards Premier Employer status through candidate identification, hiring and training processes and employee retention.

MP 1602 – Enhance Public Safety Communication & Outreach:

Facilitate communication and planning between public and/or non-profit entities, other Bellaire management teams, Council and residents with regard to projects and events that are happening within the City.

MP 1603 – Develop Keep Bellaire Beautiful Presence / Organizational Plan:

Continue working on contract management relationships to improve the level of service the City receives from vendors through coordination and constant communication. Develop a working relationship with the Citizens for A Beautiful Bellaire to coordinate and implement the council approved beautification improvement projects as identified by their organization.

MP 1604 – Improve Project Management & Reporting:

Improve project management through improved controls and reporting, improved relationships across the Departments, and clearly defined roles and responsibilities.

MP 1605 – Ensure Smooth Transition from Construction through Management / Programming and Maintenance of Evelyn's Park:

Work in partnership with Evelyn's Park Conservancy to progress through the construction of the park and on to operations and maintenance.

MP 1606 – Implement Block Inspections:

Become more proactive in the City's approach to public infrastructure maintenance and operation requirements.

MP 1607 – Improve Appearance and Management of Public Grounds & Rights-of-Ways:

Improve the appearance of City properties through management of contractual obligations of our vendors as well as enhancements such as holiday décor and banners.

MP 1608 – Implement Market Adjustment to Maintain Competitiveness:

In conjunction with MP 1601, attract and retain premier employees through competitive compensation packages.

MP 1609 – Implement Solid Waste Routing Efficiency Improvements / Eliminate the General Fund Subsidy:

Implement new rates, hire additional budgeted staff, and improve efficiency through amended routes and new holiday collection schedules.

MP 1610 – Amend Park & Development Services Fees to More Equitably Distribute Cost Burden / React to Market Conditions:

Adjust rates and fees to align with market conditions, and ensure sufficient notification of such changes to the citizens.

MP 1611 – Implement Fully Funded Vehicle / Equipment Replacement Fund Catchup:

Through definition of policy and responsibilities, implement a plan for timely vehicle replacements.

MP 1612 – Conduct Water and Wastewater Rate Analysis / Prepare for FY 2017 Implementation:

Study the current rate structure to ensure coverage of current and future cost of services, and propose revisions as necessary.

MP 1613 – Network and Data Management:

Provide secure and effective information technology services and support.

FY 2016
Management
Project

Manage Turnover, Effectively Recruit & Fill Public Safety Positions MP 1601

Team Leader: Yolanda Williams

Why Statement:

Some amount of turnover and position vacancies are to be expected. Vacancies, however, represent an unused resource, and place a burden on city service delivery. Our reputation as a safe city depends on our ability to retain employees, and our efficiency at attracting and hiring excellent candidates.

Scope:

Maintain and continue to build high standards and be recognized as a premier employer. Develop and implement strategies for keeping positions filled with excellent candidates. Reduce time to fill through full cycle recruiting. Full cycle recruiting has a lot of moving parts including branding, engagement, advertising and marketing, social media, sourcing, referrals, pre-application open houses/orientation, off-site recruiting, interviewing, assessments, selection, vetting, onboarding, and retention. Retention is a major part of the recruiting cycle process that is often neglected or not considered as part of the recruiting process at all. Retention completes/brings the recruiting cycle full circle and employee engagement is essential for retention. Some initial recruiting and retention plans that may be incorporated into our brand include the paramedic training which will improve service delivery and make us a more attractive employer, as well as the performance management software system which will automate the employee evaluation process including goals, developmental plans and allow for 360 feedback.

The HR Generalist will be instrumental in this on-going project as the added resource affords the HR Director the opportunity to be more hands-on and directly involved in the full cycle recruiting process. The HR Generalist will be available to handle the day-to-day activities, allowing the HR Director, with the assistance of the Fire Chief, Police Chief and others, to focus more on strategic recruitment planning and activities.

(See also MP 1608)

City Council Priority:

Resident/Commercial Safety Focus Area

Work Plan:	Completion Date:
• Re-evaluate competitors – our market	November 20, 2015
• Explore Base Pay & Incentive Philosophies	February 15, 2016
• Determine our Policy Position Relative to the Market	February 15, 2016
• Determine and focus on what we can realistically offer as a premier employer	February 15, 2016

• Determine Timing of Implementation	February 15, 2016
• Develop Full-Cycle Recruiting Plan	April 15, 2016
• Performance Management Module Training	July 1, 2016
• HR Director — listen & learn department processes and work together with department heads to build upon existing strategies & implement improvements as required	Ongoing
• Internal Environmental Scan	Ongoing
• External Environmental Scan	Ongoing
• Continuous Branding	Ongoing
• Employees as Ambassadors – most important part of brand	Ongoing
• Explore engagement through special assignments, cross training, in-training designation (PW)	Ongoing
• Explore ways to expedite recruiting process	Ongoing
• Video productions, social media, departmental website enhancements	To Be Determined
• Implement Paramedic Training	To Be Determined

NOTE: Per City Council's direction to the City Manager during the October 19, 2015 Council Meeting, the above Work Plan was revised to expedite the process in order to provide feedback and recommendations regarding pay and incentives within 120 days or sooner if possible. The Team had already met on October 6, 2015 to discuss and develop the work plan, and then again on October 22, 2015 to determine action items and begin the process. A meeting was held on November 4, 2015 to pull together data from action items and proceed to the next steps.

FY 2016
Management
Project

Enhance Public Safety Communication & Outreach

MP 1602

Team Leader: Mary Cohrs

Why Statement:

The City Council has expressed the desire to be more connected with the Community. An engaged and connected community is a safer community. Citizens desire confidence that their concerns and ideas are heard and addressed.

Scope:

Facilitate communication and planning between public and/or non-profit entities, other Bellaire management teams, Council and residents with regard to projects and events that are happening within the City. This will ensure the sharing of information and coordination of events through programs such as the Citizen Survey and the Bellaire Leadership Class.

Citizen surveys were conducted every two years from 1980 – 1990 by an independent consultant. In addition, Council initiated a survey in 2002 which was also outsourced to an independent consultant. The team will use the format of these surveys as a blueprint for the FY 2016 survey initiative.

City Council Priority:

Resident/Commercial Safety Focus Area

Work Plan:	Completion Date:
• Review of Citizen Survey Techniques	November 2015
• Review and Finalize "A Guide to Bellaire"	December 2015
• Distribution of "A Guide to Bellaire"	January 2016
• Hold Open House at State of the City Event	February 1, 2016
• Approval of Citizen Survey Techniques	February 15, 2016
• Conduct Citizen Survey	March/April 2016
• Family Safety Day Event	April/May 2016
• Review of Leadership Class Outline and Schedule	Spring 2016
• Present Citizen Survey Results to Council	May 2016

FY 2016
Management
Project

Develop Keep Bellaire Beautiful Presence/ Organizational Plan MP 1603

Team Leader: Cheryl Bright-West

Why Statement:

The lack of consensus on how to define beautification, and the lack of clarity on the scope of the City's responsibility, point to the need for an established approach to beautification project decision-making.

Scope:

Refine the definition of beautification as it relates to image improvement around the City and on City property. Continue working on contract management relationships to improve the level of service the City receives from vendors through coordination and constant communication. Develop a working relationship with the Citizens for A Beautiful Bellaire to coordinate and implement the council approved beautification improvement projects as identified by their organization.

City Council Priority:

Residential and Recreational Focus Area

Work Plan:	Completion Date:
<ul style="list-style-type: none"> Promote the improved Resident Request Tracker program to the citizens 	February 2016
<ul style="list-style-type: none"> Work to improve the employees perception of being a stakeholder in the image and beautification efforts in Bellaire – Field Observation Program 	March 2016
<ul style="list-style-type: none"> Work together with the Citizens for A Beautiful Bellaire to accomplish short term goals this fiscal year 	September 2016
<ul style="list-style-type: none"> Continue to work on establishing important relationships with utility companies in Bellaire 	Ongoing
<ul style="list-style-type: none"> Review city contract administration as it relates to beautification efforts 	Ongoing
<ul style="list-style-type: none"> Continue to work horizontally with other City Teams (i.e. Communications Team, etc.) 	Ongoing
<ul style="list-style-type: none"> Be proactive, not reactive 	Ongoing
<ul style="list-style-type: none"> Tour city quarterly to look at potential beautification spots that need attention 	Ongoing
<ul style="list-style-type: none"> Identify beautification needs 	Ongoing

FY 2016
Management
Project

Improve Project Management & Reporting

MP 1604

Team Leader: Michelle Jordan

Why Statement:

Capital Improvement Projects impact budgets over multiple fiscal years, touch all members of the community, and their success leaves lasting physical reminders. Effective project management involves purposeful planning, well thought out budgets, schedules that are aggressive but achievable, and projections to enable City leadership to respond accordingly. Regular communication and project tracking help to keep the project progressing as planned, or identify challenges as early as possible. Effective project management also includes thoughtful and regular communication to the project owners, stakeholders, the public, and to the City Council. Due to the complexity, visibility, and fiscal impacts of Capital Improvement Projects, successful management is crucial to the long term health of the City.

Scope:

Improvements and refinements to the City's Project Management and Reporting will occur over the next 12 months through several more defined focus areas.

1. **Implementation of systems, controls, and daily management strategies.** Track and manage budgets, spending projections, timelines, and consistency of project information. This includes clearly defining relationships and process ownership with the Project Owners (PW Director, PRF Director, etc.).
2. **Project reporting and information sharing to specific audiences.** Improved project reports for Project Owner, Stakeholders, City Administration, City Council, Public, etc. A review of the online and social media presence and potential enhancements will be reviewed and identified. Additionally, implementation of an improved communication strategy with residents directly affected by a project will occur.
3. **Project standards and efficiencies.** Review the existing project standards and identify redundancies or inefficiencies. Plan and achieve improvements to consistency and efficiency of project processes and documentation. Utilize all City and contracted resources according to individual strengths. Accurately project spending, schedules, and project personnel needs.
4. **Develop CIP.** Work with the CIP Team and Project Owners to identify potential CIP Projects. Evaluate the projects for impact and affordability, and create draft CIP for Board, Commission, and Council approvals.

Critical relationships and roles necessary to implement the Project Management Project include:

Project Owner – The specific department that owns the project. Ex.) Public Works Director owns all street projects; Parks, Recreation & Facilities Director owns park improvement projects. Has final approval of budget, scope, involved in problem solving, receives regular communication on day-to-day management. Has final approval of completed project.

Project Manager – Works with budget and scope identified by Project Owner to deliver the project successfully. Provides reports and communicates to Project Owner, as well as City administration, Council, and the public. Manages consultants and contractors, and works to resolve issues and concerns expressed by the public in collaboration with the Project Owner.

Consultants and Contractors – Managed by Project Manager. Will have work reviewed at appropriate intervals by Project Owner prior to completion.

City Council Priority:

Public Infrastructure and Facilities Focus Area

Work Plan:	Completion Date:
• Collaborate and prepare 5 year CIP	February 2015
• Secure Parks Board CIP Recommendation	March 20105
• Secure Planning & Zoning CIP Recommendation	May 2015
• Council review of CIP	May 2015
• Review of Project Standards and Documentation	July 2016
• Implement reporting standards and controls	ongoing
• Provide informative and accurate quarterly reports	ongoing

FY 2016
Management
Project

Ensure Smooth Transition from Construction through
Management/Programming and Maintenance of Evelyn's Park

MP 1605

Team Leader: Paul A. Hofmann

Why Statement:

Evelyn's Park has the chance to have a significant and positive impact on the community, in terms of visual appearance and recreational, cultural, and open space service delivery. The partnership with the Evelyn's Park Conservancy Board as described in the development and operating agreement will require attention as we transition from design to construction through park management.

Scope:

Ensure thorough communication through weekly project meetings, twice monthly EPCB meetings (City Manager liaison), and quarterly Board reports to the City Council. Assist the Board as necessary with staffing decisions, program development, and park rules.

City Council Priority:

Residential and Recreational Focus Area

Work Plan:	Completion Date:
• Review/Assist with Park programming and rules	June 2016
• Begin Park Maintenance	August 2016
• Construction weekly updates	Ongoing
• Bi-weekly Board meetings, City Manager as liaison	Ongoing
• Quarterly Reports from Board to Council	Ongoing

FY 2016
Management
Project

Implement Block Inspections

MP 1606

Team Leader: Paul A. Hofmann

Why Statement:

Our maintenance of the city rights of way will be improved as a result of a pro-active approach to visual inspection of field conditions.

Scope:

Our proposed Street Block Inspections program is designed to assist the Public Works department in becoming more proactive in its approach to public infrastructure maintenance and operations. After the initial identification and locating of assets to be inspected, the normal routine will be to conduct inspections on all blocks within the City on a quarterly basis. The survey will be designed to proactively identify issues to be addressed via internally generated work orders. Maintenance items will be performed by City staff or given to a contractor for completion. Items beyond regular maintenance will be addressed via CIP or otherwise by a contractor. Public Works will utilize the City Engineer and coordinate with other departments as needed.

City Council Priority:

Residential and Recreational Focus Area

Work Plan:	Completion Date:
• Complete inventory structure necessary to gather assets at street surface level	November 2015
• Develop inspection criteria	January 2016
• Develop work order criteria	March 2016
• Begin field testing inspections and work orders	April 2016
• Complete data collection	May 2016

FY 2016
Management
Project

Improve Appearance and Management of Public Grounds & Rights-of-Ways MP 1607

Team Leader: Paul A. Hofmann

Why Statement:

The appearance of the City rights-of-way and City properties is not up to the standard of a premier city.

Scope:

Management of contracts for mowing/litter abatement and landscaping maintenance to ensure contractors are meeting the contractual quality and frequency obligations. Work with Parks Board to identify locations for FY 2016 shade/playground structure implementation. Work with Cultural Arts Board to identify seasonal banners included in FY 2016 budget. Implement improved holiday decorations. Receive input from Citizens for A Beautiful Bellaire and direction from City Council regarding projects to be funded with the \$300,000 beautification funding included in the FY 2016 budget.

City Council Priority:

Residential and Recreational Focus Area

Work Plan:	Completion Date:
<ul style="list-style-type: none"> Develop an improved holiday decoration plan for this fiscal year and future with input from Beautification Team and feedback from citizens 	February 2016
<ul style="list-style-type: none"> Feedback from Cultural Art Board on seasonal street light banners 	September 2016
<ul style="list-style-type: none"> Feedback and input from Parks Advisory Board on shade/playground structures 	January 2016

FY 2016
Management
Project

Implement Market Adjustment to Maintain Competitiveness MP 1608

Team Leader: Yolanda Williams

Why Statement:

It is important to not let pay become a negative influence on our ability to attract and retain excellent employees.

Scope:

In order to attract and retain premier employees, thoughtfulness and consistency in our approach to maintaining market competitiveness is critical. As such, we have recommended and Council approved a 1.5% market adjustment, which will be applied to the pay plan and effective the first pay period in FY 2016. During FY 2016, additional market studies will be performed and analyzed to prepare for FY 2017 recommendations. This Management Project will have some overlapping components with the MP 1601-Manage Turnover, Effectively Recruit & Fill Public Safety Positions.

(See also MP 1601)

City Council Priority:

Budget and Finance Focus Area

Work Plan:	Completion Date:
<ul style="list-style-type: none"> Implement 1.5% market adjustment approved by City Council on September 21, 2015 	October 9, 2015
<ul style="list-style-type: none"> Re-evaluate competitors – our market 	November 20, 2015
<ul style="list-style-type: none"> Perform Market Salary Study 	February 15, 2016
<ul style="list-style-type: none"> Explore Pay & Incentive Philosophies 	February 15, 2016
<ul style="list-style-type: none"> Determine our Policy Position Relative to the Market 	February 15, 2016
<ul style="list-style-type: none"> Determine and focus on what we can realistically offer as a premier employer 	February 15, 2016
<ul style="list-style-type: none"> Determine Timing of Implementation 	February 15, 2016

NOTE: Per City Council's direction to the City Manager during the October 19, 2015 Council Meeting, the above Work Plan was revised to expedite the process in order to provide feedback and recommendations regarding pay and incentives within 120 days or sooner if possible. The Team had already met on October 6, 2015 to discuss and develop the work plan, and then again on October 22, 2015 to determine action items and begin the process. A meeting was held on November 4, 2015 to pull together data from action items and proceed to the next steps.

FY 2016
Management
Project

Implement Solid Waste Routing Efficiency Improvements/Eliminate the General Fund Subsidy MP 1609

Team Leader: Paul A. Hofmann

Why Statement:

Solid Waste management is a very important element of citizen satisfaction and public health and safety. Reliability of service requires adequate staffing and funding.

Scope:

New rates are in effect for FY 2016, providing funding for two new full time permanent positions. New routes and schedules were implemented on October 5, 2015. The objectives were to improve the reliability of curbside recycling and minimize service interruptions associated with holidays. The FY 2016 budget included a voucher program from household hazardous waste.

City Council Priority:

Budget and Finance Focus Area

Work Plan:	Completion Date:
• Voucher program cooperative agreement	February 2016
• Evaluate options for higher volume recycling containers (with Environmental & Sustainability Board)	February 2016
• Communicate and implement voucher program	March 2016

Management
Project

Implement Fully Funded Vehicle/Equipment Replacement Fund Catchup MP 1611

Team Leader: Linda Symank

Why Statement:

The City's long term fiscal condition is enhanced by not falling behind on vehicle replacements.

Scope:

The process will be developed based on draft policy with responsibility for maintaining data and ownership of policy being defined. Departmental responsibilities will be defined. Develop a timeline for annual budget process identifying annual members of committee, and roles and responsibilities of committee. Identify procedures to ensure all purchases approved for replacement are made timely and according to purchasing requirements to ensure efficient uses of City resources.

City Council Priority:

Budget and Finance Focus Area

Work Plan:	Completion Date:
• Review draft policy and identify process	November 2015
• Assign responsibility by departments	November 2015
• Develop timeline for budget process	November 2015
• Identify budget committee members by department representative	December 2015
• Establish role of annual budget committee	December 2015
• Implement process for FY 2017 Budget	January 2016

Network & Data Management MP 1613

Team Leader: Larry Parks

Why Statement:

The primary mission of Information Technology (IT) is to provide secure infrastructure; excellent management oversight; and support in the delivery of information technology products and services to all City end users in an efficient and qualified manner.

Scope:

The Network and Data Management Team will serve as a core working group to assist the IT Director in planning key IT initiatives; outline Departmental needs and serve as an advisory body in determining data policy and practices for the City.

City Council Priority:

Public Infrastructure and Facilities Focus Area

Work Plan:

Work Plan:	Completion Date:
• Remote access to network resources – Directors and select Community Services/Public Works field staff	December 2015
• Presentation to Council on off-premise telephone services	December 7, 2015
• Consideration by Council of off-premise telephone services	January 25, 2016
• Wireless network for all City Buildings and three City Parks	February 2016
• Develop standardized staff training materials	April 2016
• Conduct a network security audit	May 2016
• Customer Relations Management planning	September 2016

FY 2016 Capital Improvement Projects

Capital Projects

CP 1601 – FY 2016 Pavement Management Program:

The FY 2016 Project will repair selected streets in the City of Bellaire in order to bring them up to an acceptable level of service and improve selected sidewalks.

CP 1605 – Storm Water Drainage Plan:

This plan will study the known data regarding flooding within the City, as well as the data and plans of other agencies (Harris County Flood Control District, TxDOT, etc.) in order to identify potential improvements and funding sources.

CP 1606 – Citywide SCADA Systems Upgrade Project Phase 2:

This phase will address Supervisory Control and Data Acquisition (SCADA) connections to the three City water plants (Central, Feld Park and Renwick), the three remote lift stations (Bellaire, Rice and Wendell), and the City wastewater treatment plant.

CP 1607 – Wastewater Collection Line Replacement:

Includes approximately 4,500 linear feet of wastewater line replacement spread over a five year period, beginning in FY 2016 with a design project.

CP 1608 – Rehabilitation of the Renwick Ground Storage Tank:

This project involves the blasting and recoating of the 1,000,000 gallon water storage tank on Renwick Drive.

CP 1609 – Wendell and Bellaire Lift Station Rehabilitation Program Phase 2:

After flood damage and funding reallocation during FY 2015, the FY 2016 project will include the rehabilitation of the Wendell Lift Station's wet well basin.

CP 1610 – Wastewater System Upgrades:

This project includes a variety of upgrades to the City's Wastewater system including a sludge pump, motor control center, aeration blower, generator improvements, and other components.

CP 1602 – Playground and Shade Structures:

This funding allows for playground or shade structure replacement needs.

CP 1603 – Public Works Facilities Assessment:

This will provide an assessment of the Public Works facility and address both short term challenges (current damage due to the May 2015 flood event) as well as long term space planning and life cycle conditions.

CP 1604 – ROW Analysis, Integration, & Planning Project:

This study is designed to identify the location and use of all City of Bellaire Rights of Way (ROW) and what options may be available for those ROW parcels which do not presently include official public uses or are otherwise available for repurposing.

CP 1611 – UV-T Infrastructure:

Replacement and improvement to streets and drainage systems including Anderson and Lehigh Streets. Funding to be provided by other agencies.

FY2016

Capital
Project

Pavement Management Program

CP 1601

Project Manager	ARKK Engineers	
Project Owner	Brant Gary, Director of Public Works	
Appropriation	\$830,618	\$1,200,000
Funding Source	General Fund Current Revenue/METRO	
Council Approval Date	Design: November 2, 2015	

PROJECT SCOPE:

The City of Bellaire's Pavement Management Program is geared toward improving the overall quality of the roadway systems by repairing pavement failures and distresses. The City's goal is to bring the streets up to an acceptable level of service and keep them there through an aggressive and comprehensive maintenance program. This project is designed to address existing sidewalks as well as fill in gaps.

The streets for the Fiscal Year 2016 Project have been proposed based on overall condition noted during the Street Condition Assessment of all the streets maintained by the City of Bellaire.

Street Repair List:

4600 Block of Birch	900 Block of Lennette Court
5100 Block of Braeburn Drive	5100 Block of Linden
500 Block of Cascade	4900-5000 Blocks of Maple
6300-7000 Blocks of First Street	100-400 Blocks of Mulberry Lane
5200-5300 Blocks of Grand Lake	5100 Block of Valerie
4500 Block of Holt	

Sidewalk Repair List:

5100 Block of Locust	5100-5200 Blocks of Palmetto
4600 Block of Holly	5200 Block of Woodlawn Place
4400 Block of Lone	

Schedule	Start Date:	Completion Date:	Status:
• Preliminary Design	11/2015	1/2016	In Progress
• Design	2/2016	7/2016

Storm Water Drainage Plan

CP 1605

Project Manager	ARKK Engineers	
Project Owner	Brant Gary, Director of Public Works	
Appropriation	\$45,000	
Funding Source	General Fund Current Revenue	
Council Approval Date	N/A	

PROJECT SCOPE:

The purpose of this project is to reduce the impact of the 100-year flood plain. Engineering study will use existing models developed of the City of Bellaire's main north/south drainage arterials in concert with state of the art 2-dimensional models along with data obtained in the field immediately after the May 25 – 26, 2015 storm to identify and evaluate ponding and overland flow problem areas. Capital Improvement Projects to improve drainage and reduce flooding occurrence based on different rainfall amounts and durations will be determined on a conceptual level with associated costs. A matrix of the potential flooding events with respect to intensity of rain and the improvements required to provide the desired level of service will be developed. This matrix should aid the City in pursuing potential funding partners from outside agencies to include FEMA, Texas Water Development Board, the Harris County Flood Control District and TxDOT. In addition, the City's Flood Hazard Mitigation Plan will be updated with this effort.

Phase 2

CP 1606

Project Manager	ARKK Engineers	
Project Owner	Brant Gary, Director of Public Works	
Appropriation	\$150,000	
Funding Source	Enterprise Fund Current Revenue	
Council Approval Date		

PROJECT SCOPE:

With the completion of Phase I, the City will have completed a Needs Assessment, some minor upgrades and repairs, and a Supervisory Control and Data Acquisition (SCADA) Control System Master Plan. This Master Plan will outline the next phases of the SCADA System Upgrades Project. Phase II is scheduled to begin in FY 2016 and end in FY 2017. This phase will address SCADA connections to the three remote lift stations (Bellaire, Rice and Wendell) and the City wastewater treatment plant. It will allow for the monitoring and control of all the main components at the three water plants (Central, Feld Park and Renwick and the three lift stations. Phase III is tentatively scheduled for FY 2020 and will see further upgrades to the City's SCADA System such as connectivity to other City infrastructure and performing equipment upgrades.

ROW Analysis, Integration & Planning Project

CP 1604

Project Manager	TBD
Project Owner	John McDonald, Director of Development Services
Appropriation	\$50,000
Funding Source	General Fund Current Revenue
Council Approval Date	

PROJECT SCOPE:

This study is designed to identify the location and use of all City of Bellaire Rights of Way (ROW) and what options may be available for those ROW parcels which do not presently include official public uses or are otherwise available for repurposing. Focus will be on the commercial areas.

Additionally, once identified, ROW parcels will be reviewed for possible inclusion in alternative transportation routes that may best connect Bellaire within a regional network.

This study will provide an inventory of ROW as well necessary maps to highlight identified areas. Information provided by the study will assist with policy discussions on the following:

- ROW Management Policy to include commercial revitalization,
- Identification of Parks Trails and Pedestrian/Bicycle destinations and routes; and
- Evaluation of City property functionality.
